VOLUME IV · BEFORE YOU BOARD

# Luggage *& Departure*

*Allowances, essentials and final words*

## ◆ BAGGAGE ALLOWANCE

### For Internal *Kenya Flights*

*Domestic bush-plane & safari hops*

| HAND BAGGAGE | CHECK-IN |
| --- | --- |
| 7 — 9 *kg* | 15 *kg max* |

Kindly ensure your check-in baggage does not exceed the permitted limit, as excess weight may attract hefty penalties at the airport. We strongly recommend packing only essentials and keeping luggage within the 15 kg limit — leaving you the comfort to carry souvenirs and gifts on the return journey. Soft-sided duffel bags are preferred over hard cases for bush-plane storage.
